

MAYSVILLE, KENTUCKY, WEDNESDAY, JULY 15, 1914.

ONE COPY—ONE CENT.

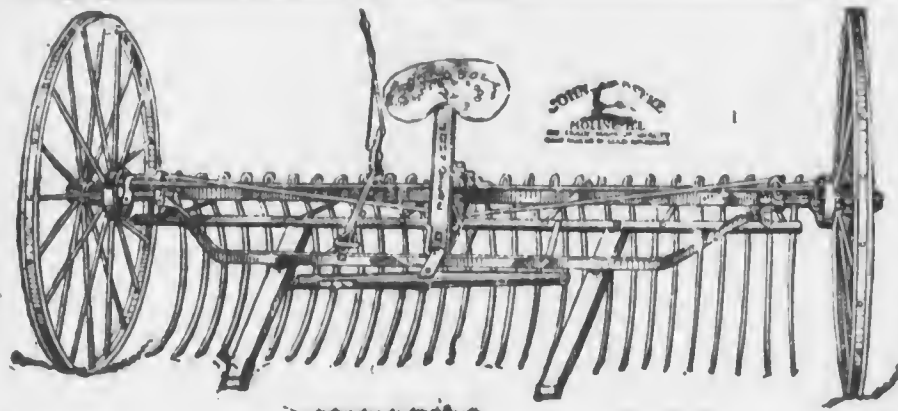

Little hankroll, ere we part,
Let me hug you to my heart;
All the year I've clung to you,
I've been faithful, you've been true;
You and I will start away
To a gay and festive spot,
I'll come home, but you will not.

The Battle of the Boyne was com-
memorated in Ireland with much re-
laxation but less disorder than usual.

John Deere's Self-Dump Sulky Rake

The First Consideration Has Been Sim-
plicity and Durability!

DURABLE

Axle studs are 1 1/4 inches in diameter, and are
reversible and interchangeable, which doubles their
life.

Dump rods are of high carbon steel, 3/4 of an
inch in diameter. They have four times the durability
of the ordinary dump rod, as they are reversible
individually, interchangeable and again reversible.

SIMPLICITY

We can rightfully boast that our rake has fewer
parts than any rake on the market. Simplicity of
construction and proper material, systematically and
symmetrically distributed, mean much to users.

McWhorter Let Maysville Down With
Three Scattered Hits and the Babes
Win Easily By Score of 4 to 0.

Chillicothe again put it on Mays-
ville yesterday, the score being 4 to 0.
McWhorter, the star hurler who was
secured by Chillicothe from the defunct
Fronton team, let the locals down with
three scattered hits and was never in
danger at any time.

Toothman, the new Maysville recruit,
was on the mound and ten hits were
made off his delivery. He seemed to
have plenty of "stuff" and control,
however, and had it not been for the
two errors would have had a smaller
score to his credit. He made eight of
the Babes whiff at the wind, he taking
no exception to these sluggers.

HUERTA'S "RESIGNATION" STILL
UP IN THE AIR.

Washington, July 14.—Although the
resignation of General Huerta is con-
fidently expected by the State Depart-
ment and Washington diplomats to oc-
cur at any moment, the constitutional-
ists, unaffected by the news, are press-
ing hard their military campaign on
Mexico City.

Official dispatches revealed that Gen-
eral Villa, with 15,000 men, was ready
for a rapid advance on the Mexican
capital, and that General Obregon's

forces at Guadalajara were prepared to
sweep onward within a few days. Al-
though officials have not been given
much to predict, they now firmly be-
lieve the constitutionalists will be in
Mexico City in two or three weeks.

most popular colors, besides white. Every Dress is
attractively trimmed, principally with dainty laces,
embroidery and ribbon.

LIFE WAGES FOR MAN INJURED.

The Standard Oil Company of New Jersey will pay Vincent Pelican his wages for life and \$400 for medical expenses, incurred when he was injured by a fall from a scaffold at the company's plant at Constable Hook.

\$500,000 FOR ITS EMPLOYEES.

Directors of the National Carbon Company have mailed letters to the stockholders asking approval of a plan for sharing profits with the employees. Stockholders are asked to set aside \$500,000 of a new issue of stock to be given to employees. The company employs 4,000 persons and has nine branch factories in other parts of the country.

ERNST HAS A WALK-OVER

FOR NOMINATION

The Republican wisecracks all say that Colonel Richard P. Ernst, of Covington, is one copper-riveted cinch for the long term Senatorial nomination of his party, and every mother's son of them is praying that Beckham will be the man pitted against him from the Democratic side. The Republicans believe that if Beckham is nominated thousands of Democrats will refuse to support him in November, and that the vast majority of these will give their suffrage to Ernst as they gave it to Wilson a just flinger for Governor in 1907.

The Progressive leaders have pretty much the same notion about their nominee, whether he be George W. Jolly, of Owensboro, or Burton Vance, of Louisville. They argue that either way—Beckham or Stanley—there will be a lot of sore Democrats, and they believe that they will prefer a Bull Moose to a Republican if they have to make a choice outside of their own party. Democrats, on the other hand are expressing the opinion that there will be only a medium of disaffection and that the nominee, be he Beckham or be he Stanley, will take his seat as United States Senator March 4, 1915.—Cromwell's Lexington letter in Sunday's Enquirer.

GAS COMPANIES AND PROFIT SHARING.

According to a daily Consular and Trade Report on profit sharing and labor co-partnership in Great Britain, "about half of the gas produced by gas companies in the United Kingdom is produced under profit sharing conditions."

A STUDY IN PSYCHOLOGY.

"All this talk about psychological depression and mental mourning which the Administration is handing out bring to mind the story of the old maiden aunt who was rearing her orphan niece to follow the tenets of Christian Science," remarked a banker.

"The aunt and her little niece were about to pass a billy goat on the sidewalk when the child stopped and said she was afraid."

"My child," said the aunt, "don't you realize that the goat is error and only the product of your imagination? Just believe that the goat does not exist and he will not be there."

"I know, auntie," said the child, "that the goat is not there, but the goat don't know I'm not here."

VILLA, THE MAN ON THE JOB.

When there's a task to be done, Villa, ex-bandit, doesn't spend a lot of time talking about it. He goes and does it—if he can.

If he can't, he tries again. He's a man of action, all right. A man Lincoln would have given words for 52 years ago.

In another way, too, he is proving useful as an example. He is eager to learn, and if those who know him best may be believed, his head isn't a bit enlarged.

Not that he's faultless; by no means. He's as full of faults as a gourd is of seeds. But they're human faults and faults due to bad surroundings. In the big essential of loyalty to his cause, which is less personal glory or gain than a better show for his comrades, he appears to assay about as well as any chap just now in the limelight: while for efficiency he has most of 'em gasping.

Isn't it odd how, somehow, throughout history, the occasion has a habit of locating the man?—Cincinnati Post.

THE DAILY NOVELETTE.

Their Problem.

(Editor's note: Smythfield Jiggins, the author of this story and the newest and most promising member of our literary staff, has had a most unusual and eventful life to equip himself with the strange experiences with which he enriches his stories. At the age of eight he was kidnapped by a band of roving Fishhawk Indians. His father, being a poor radium importer, could not afford to ransom him, so the Indians adopted him. He escaped from them because he could not stand the steady diet of fried maize, but not before he had learned all the curious and exciting manners and customs of the Fishhaws. Later he was by turns a toothpick vendor, a border policeman, chief bellboy on a cattle steamer, target in a sideshow knife-throwing exhibition, sardine fisherman and rabbit trapper. It is interesting to note how he decided to take up literature as a profession. "I found that when I tried to talk intelligently to people on any subject under the sun I always failed to make my meaning plain to them," says Mr. Jiggins, "so I decided to write.")

THEIR PROBLEM.

By Smythfield Jiggins.
"Let's oustest!" he exclaimed.
"No," she murmured. "Let's Argentine!"
They hesitated.

(The End.)

—Louisville Times.

When a child tries to sell you a ticket to it, that is an indication the projectors of the show are afraid it won't draw on its merits.

A confidence man must be smart, well-dressed and a convincing talker. That is one reason there are comparatively few confidence men.

HALF FARE RATES TO FAIR

Blue Grass Fair is a Member American Poultry Association.

The Blue Grass Fair is a member of the American Poultry Association, and the exhibit in this large and important department will be governed by the rules of that Association. This is a guarantee of equal rights and justice to all.

A classification embodying premiums for over 300 classes of poultry and pigeons has been prepared, and the management expects this year to be, as usual, a great show.

In addition to cash premiums, the Blue Grass Fair and a number of merchants of Lexington have donated silver cups and many additional prizes of merchandise, etc.

Heretofore the Pigeon Department has been under the management of the Poultry Department, but through the interest of the wide awake Pigeon breeders of this section, the management of the Blue Grass Fair has appointed a committee of the foremost pigeon breeders and placed the department in their hands, which assures a big show under proper management. Dr. C. W. Trapp, Dr. A. Porter Taylor and Mr. E. W. Hoke have been engaged as judges and a winning here will mean as much as at any state fair in the country. Come, bring your birds and help us make this the largest and most successful show in the South. If you can not come yourself, send your birds, and we assure you they will get the proper care and attention.

Birds will be cooped in Standard Uniform Coops, and one bird to the section, for which the small sum of five cents per bird will be charged. This assures no fighting or ragged birds at the end of the show. Every attention will be given birds not accompanied by owners, so in making an entry here you can rest assured that your birds will be well cared for.

Do not fail to visit the Blue Grass Fair at Lexington the week of August 3rd to 8th. One fare rates will prevail on all railroads in Kentucky. Every afternoon and evening, beginning Sunday, August 2nd, there will be magnificent band concerts, with high class vocalists in a Grand Sacred Concert.

A new standard will be set for fair music. Heretofore we have been content to hear instrumental concerts interspersed with some renowned soloists in choice selections, but Thaviv introduces a quartette and, how they make the furthermost nook and cranny of the amphitheater echo with the marvelous and ever fresh strains from "Lucia," "Il Trovatore," "Carmen," "Martha," etc. Hardly has the instrumental quartette been stilled when forth troops a perfect charge of trumpets and trombone players, and, with Thaviv himself leading the van, such outbursts of harmony are not often heard. It is not the usual blaring, noisy demonstration of a brass choir, but a musically effective combination, swelling in great sounds until a startling climax is attained.

Amusement lovers who crave originality will find it to their heart's content at the Blue Grass Fair this year. **Woman's Department.** The Woman's Department of the Blue Grass Fair, to be held at Lexington August 3rd to 8th, will be more important and extensive this year than ever before. The premium list has been revised, and classes offered cover almost every kind of woman's work and table luxuries. The third floor of the Art Hall is given entirely to this department, and is usually one of the most attractive exhibits of the Big Fair.

The second floor will again be utilized this year by the "Merchants of Lexington," and it is needless to say will be an attractive exposition of wares manufactured and sold in Lexington.

Saddle Horses. Saddle horses will be an important feature at Lexington this year. Outstanding in importance among the live stock features of the Blue Grass Fair will be the Kentucky Stake, guaranteed \$1,000, to be divided into six monies. This stake closed with 113 entries, representing all of the best breeders in Central Kentucky, and was inaugurated this year by the Fair Association and the stake guaranteed by the management.

Additional stakes for yearlings, two-year-olds and aged classes should make this year's program the most attractive ever seen at a fair for saddle horses, as both three and five-gaited classes are provided for.

DRY LAW IS NOT VIOLATED

If Name of Brewing Company Is On Wagon, Magistrate Rules.

Huntington, W. Va.—That the name of a brewing company on its wagons is not a violation of that section of the West law which prohibits advertisement of liquor by signs in West Virginia was the ruling of Magistrate Rogers here in the case of R. B. Cain, who was arrested because the name West Virginia Brewing Company had not been erased from a wagon in which he was collecting empty bottles. Cain was dismissed.

DAMAGED GOODS

The Old Story.

A crowd of friends went out to camp, a week ago they parted. I guess my first line I'll revamp; They were friends when they started.

Former Vice President Charles W. Fairbanks refused to accept a check for \$200 for a lecture at the Glenwood Chautauqua, directing that the money be given to a New Albany hospital.

GENERALLY THE CASE.

(Midway Clipper.)

The other day when there were some clouds and a few signs of rain Col. John Graham got out his umbrella and raincoat and started to town. Immediately the clouds vanished and the rain disappeared.

SAYS FLORIDA FRUIT WILL FILL 8,000,000 CRATES.

Florida fruit growers figure on a combined crop of grapefruit and oranges of 8,000,000 boxes this season, according to A. B. Carter, of Fort Meade, Fla., who is in Louisville. He is a member of the firm of R. H. Pennington & Co. Mr. Carter said Louisville would get about 100,000 boxes of the crop.

TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness."

"I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicine the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. MARY JOHNSON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case. Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes."

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HORNBERGER, R. No. 3, Ephrata, Pa.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

No clew has been found to the whereabouts of Mrs. Eloise Dennis, of Atlanta, who is said to have written a letter that she had killed her sister and would murder her brother.

The Kentucky State Bar Association in session at Mammoth Cave, adopted resolutions demanding that the conditions for admission to practice in Kentucky be made more stringent.

THE HIRED MAN.

We wonder how the life of the hired man described below would suit some men who loiter in Market street. If there was any way to compel them to lead the life described below society would be better off. The men themselves would be happier and their dependents would live better. The following is taken from the St. Louis Post Dispatch:

"Here is the daily schedule of a Pennsylvania hired man who is now 30 years old and has been a good and faithful hired man for 31 years on the same place: 4 a. m. get up; 4:15 feed the horses; 4:25, start milking; 5:30 breakfast; 5:45, currying the horses; 6 hook up for the milk train; 7, back and take out a load of hay or plow; 8 to 11, chores; 12, knock out dinner; 1 to 3 p. m. fix wagon and other odd jobs; 4, heave the cows in to milk; feed horses; 6, supper; 6:30, loaf around; 9, go to bed."

SIDE ENTRANCE CARS.

(Electric Railway Journal.)
A feature in the growing popularity of the side-entrance street car is its equal availability for the opposing conditions of city and suburban service. In city operation it is often necessary to have the greatest possible entry for a given length, and this feature the side-entrance car gives in its elimination of wasteful platforms and in the greater car length which is made possible by the use of rounded ends. The low step and the desirable isolation of the motorman also commend themselves as valuable features. For suburban operation the factors of greatest capacity, maximum possible length and low step are not commanding importance, although the tapering ends may be considered as of some benefit in reducing energy consumption. The big problem in the case of the suburban car is the location of the smoking compartment, for it is most objectionable to women and children to pass through this compartment even when it is occupied. The side-door car offers a happy solution, whether single or double end operation is in vogue, because the smoking section can be provided with a separate passageway and partition doors.

RESPONDENCE

SPRINGDALE

The venerable Mr. John Dadd is quite ill at his home near Cottageville. Mrs. C. C. Dogman visited her niece Mrs. H. P. Day at her summer home in Lewis County.

Miss Maude Elliott is at home from Cincinnati to spend vacation with her parents, Mr. and Mrs. J. H. Elliott. Dr. Bowman was here Friday en route to Vaneburg after a week's visit with his daughter, Mrs. Joe Owens of Toltzboro.

Mr. Sam King and family motored out from Maysville and were week-end guests at the home of Mr. and Mrs. John Dadd.

Mr. and Mrs. S. J. Leming came up from Cincinnati Saturday. Mr. Leming returned to the city but Mrs. Leming and the children will spend the summer here with relatives.

There will be a Sunday School picnic near the Bruce Pool on Cabin Creek Saturday July 18. An interesting program is being prepared including games for the young people and children.

A dog said to be affected with rabies passed through town a few days ago. It engaged in night every dog it met and snapped at the children. Several men were soon out with guns and it was killed. A number of the dogs of the town have since been killed.

"CHILDREN HAVE TO HAVE CANDY NOW AND THEN"
SAYS ROCKEFELLER.

New York.—John D. Rockefeller has reversed his reply to a school teacher who asked him how to accumulate a fortune. His answer was: "Save your pennies."

Mr. Rockefeller, while walking around his estate at Pocantico Hills, came upon several children of his employees. To each child he gave six cents, saying: "There is a penny to spend and a nickel to save."

When a friend asked him why he had changed his wealth accumulating policy Mr. Rockefeller said: "Oh, well, you know children have to have candy now and then."

CURTAIN WHISKEY

Kentucky Distillers Decide On Re-duction.

The special committee appointed at a meeting of distillers June 30 to curtail the distillers, with a view to reducing their attitude on crop curtailment, has reported that about 50 per cent. of the distillers in Kentucky have agreed to curtail production during the coming season, and that reports from Indiana and Illinois are expected to be equally as favorable. Those distillers who will curtail their crops will not begin operations until January. The usual time is between November 1 and December 1. The committee having charge of the matter is composed of E. M. Rabbitt and W. O. Bonnie, of Louisville; Louis Rosenfield, of Chicago, and D. I. Johnson, of Cincinnati.

(Lexington Leader.)
Col. Asa Martin, the weather prognosticator, said today that if it did not rain by 12 o'clock tonight that the people of this section would have to wait for the old Indian sign—cloudy all around and pouring down in the middle, which, he added, is an infallible indication of rain.

The track capacity will also be nearly doubled and about fifteen or twenty additional tracks built and the yards widened and extended some distance into the hills.

RAPID ADVANCE IN VISITING NURSE WORK IN KENTUCKY.

The Kentucky Tuberculosis Commission is greatly pleased at the rapid advance made in visiting nurse work in this State.

Eight months ago the first visiting nurse established in the field in this State, through the efforts of the Commission, began work in Mason County. Most of the people of the county did not believe that a need for such work existed until a survey of the conditions was made by Miss Emma Hunt, one of the Commission's staff. Today Miss Annie Casey, the permanent nurse, is so overworked that her board is planning to hire an assistant nurse.

In the spring Miss May Inghard began a similar work in Boyd County. Within the last two weeks three permanent nurses have begun work as a result of the Commission's efforts; Miss Elizabeth Hunt, in Scott County, Mrs. Harriet Munner, in Bourbon County and Miss Nellie Woodward, in Boyle County.

Within the coming year the Commission expects to reach at least twelve additional counties in this way.

BURDENS LIFTED

From Maysville Backs—Relief Proved By Lapse of Time.

Backache is a heavy burden; Nervousness, dizziness, headache, Rheumatic pain; urinary ills; All wear one out. Often effects of kidney weakness. No use to cure the symptoms. Relief is but temporary if the cause remains. If it's the kidneys, cure the cause. Doan's Kidney Pills are for kidney ills; Head about your neighbor's case. Here's Maysville testimony. The kind that can be investigated. Mrs. John E. Burns, Maysville, Ky., says: "The statement I gave before when I publicly recommended Doan's Kidney Pills, still holds good. I know that this remedy is just as represented as it has been used by one of my relatives with satisfactory results. Doan's Kidney Pills were procured at Wood & Son's Drug Store." Mrs. Burns is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Burns recommends—the remedy backed by home testimony. 50c all stores. Get a Lot More Than Your Money's Worth

You always do in a Hart Schaffner & Marx suit, but right now there's still a bigger chance to profit. We've made these good clothes still a greater value for you by reducing the price on all Spring Goods. Now is the time for you to buy a Straw Hat. Big reductions on them now. And when considering buying shoes you must not forget that our Crossets and Stetsons are the best in town.

PAIGE

Model Glenwood "36"—Electric lighting and starting—\$1275
Model Brunswick "25"—5-passenger—Electric lighting and starting—\$875

Maybe it is an old fashioned idea this notion of putting all the value possible into the car itself—and as little as possible into overhead expense—

But it has given the Paige a positively dominant position among cars of medium price—

Ample capital for operating purposes—no bonded indebtedness—no excessive capitalization—no heavy overhead of any kind to be paid for.

Just a full dollar of car value for every dollar of the selling price.

Is it any wonder that the Paige is going to be oversold again this year in spite of increased production?
